# THE CORRIS RAILWAY COMPANY LIMITED NOTES TO THE ACCOUNTS

#### FOR THE YEAR ENDED 31st DECEMBER 2011

#### 1 DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- \* Select suitable accounting policies and apply them consistently
- \* make judgements and estimates that are reasonable and prudent
- \* prepare the statements on a going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time, the financial position of the company, and to enable them to ensure the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### NOTES TO THE ACCOUNTS

#### FOR THE YEAR ENDED 31st DECEMBER 2011

#### 2 Accounting Policies

#### Basis and standards

The accounts have been prepared in accordance with the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities.

The principal accounting policies which the Directors have adopted within that Convention are set out below.

#### a) Accounting Standards

The accounts are prepared in accordance with applicable accounting standards. A cash flow statement as required under Financial Reporting Standard No.1 is not provided as the company qualifies as a small company under the Companies Act 2006.

#### b) Turnover

Turnover is the amount receivable for sales of goods & services in the UK, during the financial year, stated net of Value Added Tax.

#### c) Depreciation

Depreciation is provided on all Tangible Fixed Assets other than Freehold Land at rates calculated to write off their cost evenly over their expected useful life as follows:

Railway Plant
Permanent Way Materials
Building Improvements
New Buildings
10% p.a. straight line basis
10% p.a. straight line basis
2% p.a. straight line basis

Transport costs on acquisition of Plant and Permanent Way Materials are written off as incurred.

No Depreciation is written off the Freehold Land, as the Directors are of the opinion that the value of the Freehold Land would not be less than cost.

Depreciation of assets under construction at the end of the year will not commence until the assets are completed and in use.

#### d) Stocks

The value of share Certificates available for future issue is written off as incurred and no value is placed thereon for stocks of such Certificates.

Stocks comprise items purchased for sale, and are valued at the lower of Cost and Net Realisable Value. Cost is computed on a first in first out basis. Net realisable value is based on the estimated selling price less the estimated cost of disposal.

#### e) Taxation

A taxation liability is not expected to arise in respect of the trading to date.
